About the position – Project Manager, Sustainable Infrastructure Finance

GIB's mission is to accelerate a mainstream transition to sustainable, resilient, and regenerative infrastructure. Our work is divided into three strategic pillars: Infrastructure Quality and Finance; Infrastructure and the Next Generation; and Infrastructure & Nature. As a Project Manager for Sustainable Finance, you will be working across all three pillars to support our teams' efforts to promote sustainable and resilient infrastructure through sustainable finance.

Our ideal candidate would have a strong passion for sustainable finance, sustainable infrastructure, and ESG standards, and share [GIB's mission and core values](#).

Your main responsibilities will include:

- Supporting our Sustainable Finance Director in developing and executing GIB's Infrastructure Quality and Finance strategy, with the aim to accelerate investment into sustainable, resilient and regenerative infrastructure globally;
- Supporting our project teams with knowledge and expertise on sustainable infrastructure finance;
- Managing projects in the field of sustainable infrastructure finance;
- Developing and implementing sustainable finance strategies to optimise the performance of our projects while aligning with environmental, social, and governance (ESG) goals;
- Engaging with stakeholders, including partners, funders and funders, to promote sustainable finance initiatives;
- Representing GIB in national and international events to promote GIB's work in the field of sustainable infrastructure finance.

You meet the following professional criteria:

- An advanced university degree in a related field (at least Bachelor): engineering, business, finance, sustainability, or related field;

- Excellent oral and written English (proficiency in German, French, or Spanish would be considered an advantage);
- Experience and understanding of infrastructure finance, for example, experience in structuring or assessing infrastructure investments;
- Effective communication and stakeholder management skills;
- At least 6 years of relevant experience in infrastructure finance and sustainable, resilient, regenerative infrastructure (experience in sustainability standards/labels would be considered an advantage);
- Experience in the assessment or screening of infrastructure projects, compliance with labels, standards or regulations and event management would be considered an advantage;
- Excellent understanding of sustainability trends, regulations, and best practices; and
- Commitment to the principles of sustainable finance and corporate social responsibility.

Our ideal candidate is:

- Proactive, efficient and results-oriented;
- Open-minded and positive;
- Flexible and adaptable;
- Independent, organised, and self-motivated;
- Good at multi-tasking and time management;
- A thoughtful and efficient team player.

Why join GIB?

- Fun and innovative working environment and a work culture that promotes a healthy work-life balance for all;
- Exposure to local and international partners, events, and project opportunities;
- Five weeks of holiday per year;
- A friendly, caring and passionate international team;
- Attractive location (Basel, Switzerland);
- Ability to contribute meaningfully to a sustainable and resilient future.

How to apply?

At GIB we take inclusivity and equality very seriously. We strongly encourage all individuals of any gender, any sexuality, people with disabilities and people of any age to apply, and will consider your application carefully and fairly. Please let us know if we should make any accommodation for your application.
